

Carla Cardona Marrero

ASPIRING UX DESIGNER

 c_ardona@hotmail.com  [carlacardonam](#)

Aspiring UX Designer completing an A.S. in Interactive Design, with a Google UX Design Certificate and a background in social media, content, and web management. Experienced in researching user needs and creating visual solutions at the content and template level; drawn to how large, cross-functional teams design and build user-centered products at scale.

EXPERIENCE

UX/Design Intern  Valencia College Internship Program  AUG 2026 – PRESENT

Orlando Magic Dreamers Website (Nonprofit Client)

- Leading day-to-day design work on a Squarespace website for a youth sports nonprofit.
- Conducted client and demographic research across multiple user groups (parents, sponsors, and donors) to inform site goals around awareness, fundraising, and schedule access
- Designing site structure and content to meet the distinct needs of each user group identified in research

Information Architecture Course Restructuring

- Assisting the department chair in researching and restructuring a full course on information architecture
- Updated and vetted source material, and reformatted existing content for faculty and student approval
- Preparing supplementary student resources to support the restructured curriculum

Internal Systems

- Built and manage a Notion system for the internship team to track tasks, meeting notes, resources, deliverables, and hours
- Brought in a teammate to help co-manage the system as our needs grew

Social Media Associate  Rome Analytics LLC  JAN 2023 – OCT 2024

- Conducted audience research to identify target users and inform content and design decisions
- Designed social media templates and visual systems using Figma and Adobe Suite
- Analyzed engagement and website traffic data to optimize content and identify user needs
- Designed and launched newsletters and managed websites for affiliated companies

Administrative Assistant  Roca Rentals LLC  JUL 2021 – DEC 2023

- Served as a point of contact for tenant concerns and maintenance requests, resolving issues through clear, direct communication
- Helped implement standard operating procedures to streamline team workflows
- Set up and managed Microsoft Teams to improve cross-team communication

Store Manager  Pura Vida Miami  2018-2019

- Led daily operations and trained team members in a fast-paced, customer-facing environment
- Coordinated cross-functionally with vendors and inventory systems to keep operations running smoothly

STUDENT PROJECTS

Brain Bubble  Collaborative Native App (In progress)

- Conducting demographic research across three distinct user groups (K-12 students, teachers, and administrators) to identify communication pain points
- Translating research findings into feature and interface decisions for a school-communication platform

Additional graphic design work in brand identity and packaging for hospitality and consumer products (available on request).

GraphiXplore  Interactive Design Project

- Designed a multi-user platform for a school Design Department enabling event scheduling, mentorship matching, and student exhibition/critique, built on externally-provided user research
- Conducted usability testing with peer users, identifying key pain points that directly informed a second design iteration

The Clove Club  Independent Website Redesign

- Conducted research on target diners and the restaurant's brand/market position to inform a full website redesign for a two-Michelin-star establishment
- Introduced typographic hierarchy and custom imagery drawn from the restaurant's plating and brand identity, addressing the original site's lack of visual structure
- Redesigned within an established brand identity, a more constrained challenge than building from scratch

SKILLS
